DAILY RECORD

WEDNESDAY, NOVEMBER 12, 1872. ME. JAMES SIMMONS has been appointed Local Reporter of the RECORD, and will henceforth attend to all of our

local reporting. A WORTHY OBJECT.-In yesterday's issue we gave an account of the death of Wm. F. Gorman, together with a brief sketch of his eventful career. The deceased was a man of great energy-never lagging behind, but always going to the front. He was also a man of noble charilies, never turning a deaf ear to the cry of distress, and it is not an exaggeration to say that during his residence on the Pacific Coast he has given away thousands of dollars. Although com-manding large sums of money at various times, Mr. Gorman died poor, his pro-tracted illness having exhausted his means, and he leaves a widow and three small children in almost destitute cirsmall children in almost destitute ciremistances. In order to afford his rela-tives here and elsewhere a substantial evidence of the esteem in which the deevidence of the esteem in which the de-ceased was held, a committee has been appointed—several ladies being among the number—which committee will make arrangements for a benefit for the family of the late Wm. F. Gorman. Further particulars will be given as plane are developed. It is earnestly hoped that the liberality of Pioche peo-ple will show itself in behalf of the fam-ity of Mr. Gorman, who, as all who know him will attest, was ever ready to assist the needy. assist the needy.

"WE STILL LIVE!"-Notwithstanding the litigation that has so greatly disturbed mining operations here, Pioche still lives. The streets are not crowded with idle men, but those who are left generally have plenty to do. It is not improbable that at one time there were more people here than could find profitable employhere than could and profitable employ-ment, but such is not so now, Inyo, San Juan and other localities having drawn off a portion of the floating population. We have no desire to raise an excitement We have no desire to trace an excendent in favor of Pioche, nor yet are we trying to whistic up our courage; but we wish simply to say that Pioche is still one of the liveliest camps in the State, and that those who adhere to the fortunes of the place will have no cause to regret it. Nil

"THE course of true love never did run smooth," so we are told, at any rate, by those who ought to know, and equally true is it that in times of general prosperity, when everything is going on othly, there is little out of which to make local items. We happened to be so situated yesterday. Everybody seemed to be satisfied with his neighbor seemed to be satisfied with his neighbor as well as himself, and as no one sought to infringe upon the rights of another, there was little or nothing for the police to do. There was not a shooting or cut-ting affair in town all day yesterday, not even a knock-down and drag out or standard fight. stand-up fight.

How HE KEPT HIS WORD .- A friend of ours (who shall be nameless for the purposes of this item) some two months ago wore off, " said he wouldn't drink another drop of intoxicating beverages till the end of the year. He held on for be-tween three and four weeks, and then dopped over. His friends, chagrined at his fall, chided him with a violation of his word; but he indignantly repelled the insimuation by asserting that he was no Christian, and that he had kept the faith to the end of the Jewish year, and there-fore had a right to indulge if he felt like it.

THANKSHIVING DAY .- Governor Bradley having adopted President Grant's ommendation for the observance of Thursday, the 27th, as a day of thanks-giving and prayer, we suppose the day will be properly observed in this State. In Pioche there is to be given a grand ball, under the auspices of the Odd Fel-lows, and we doubt not it will be a grand of the Country of th Tickets will be issued in due

TRIAL TRIP.-The new and powerful ocomotive of the Nevada Central Railroad Company, which lately arrived from Tomo and was forwarded to Bullionville for adjustment, has been completed, and strived here yesterday morning. She is eight feet in diameter and twenty tous capacity, and will commence regular trips to-day.

Assigners' Sale IN BANKBUPTCY. -On Saturday, the 22d of this month, there will be sold by the assignees the property of the Mendba Silver Mining Company. The sale will take place at Highland, and a detailed schedule of the property may be obtained at the office of Wells, Fargo & Co. in Pioche. See ad-

A DEFINITE ANSWER.-At a popular Pioche restaurant, the other day, a gentleman desired something for his dog to eat. The steward promptly gave the or-der, "Dog meat for one!" But the Celes-tial who presided over the culinary de-partment at once replied that he had no dog meat, but "pienty of meat for any number of dogs."

MR CAHILL'S CHILDREN. -- Last evening John Cabill received from his brother, E. Cabill, a dispatch from San Francisco informing him that the remains of the two children sont down from here were interred at San Francisco yesterday, in Lone Mountain Cemetery.

New Locomorive.—The new locomo tive of the Nevada Central Railroad arrived in town a day or two ago. Super-intendent Nesbitt says it will running on the road to-day. This new locomotive is an important accession to the running force of the road.

The County Hospital is in about its usual condition. The patients are all well cared for, and are getting along as well as could be expected, all things considered. Not one is considered in a danger-

GLEANINGS FROM EXCHANGES As active canvass continues to be made for the Chief Justiceship, and is has re cently taken a new phase. The President is said to fluctuate on this subject, as he does about his nostrums for the financial trouble. One day he would like to go to the Bench for a Chief. But the next he discovers that Swavne is sixtynine, or one year off the retiring period of 70, and therefore too old. Then he thinks it would not do to jump Swayne with Miller, a younger man, who is much in favor. Then it occurs to him as best with Miller, a younger man, who is much in favor. Then it occurs to him as best to pass the court entirely, and take an outsider, so as to offend mone of the State; but in this respect Pioche has been wholly exampt so far.

STILL ON TRIAL.—The case of the Raymond & Ely vs. Kentucky is still on trial in our District Court, Judge Beatty, of White Pine, presiding. It is unsetain whether the case will be disposed of this week.

Departures.—Mr. Henry Raymond, long and favorably known to the people of Pioche, left us this morning for his home in Oakland Cal. May his shadow never be less.

The general health of Pioche is good at this time. We hear of no cases of sickness, except those in the County Hospital.

The weather continues quite pleasant.

of the future by the past, it will probably succeed in an effort which has long baffled the world; but whether it succeed or fail, we must admire the daring spirit of typical young America, who seems to be going about the universe in search of hard tasks, that he may have the pleasure and the glory of achieving them.—[New York Tribune.

THE Santa Barbara (Cal.) Press says there is on record in that county a quit claim deed, dated May 4, 1860, acknowldged July 16, 1860, from C. R. V. Lee to Charles E. Cook, formerly County Clerk, in which the acknowledgement Clerk, in which the acknowledgement was taken by the grantee himself as County Clerk. The deed is for "land situated in the city of Santa Barbara, and known on the official map as city squares Nos. 104, 105, 106, 41, 55, and 61." There have been numerous conversaers of the same lavid since and veyances of the same lands since, and the legality of the deed has recently been questioned. Both parties are now dead, and the witness to the deed is out of the

THE result of the elections at the East last Tuesday ought to be highly gratifying to every true reformer and anti-m nopolist in California. It was here the movement started, and from here it spread to all the States, even as far East as Massachusetts. The good news from Wisconsin, Michigan, Illinois, New York, Kansas and Massachusetts is the echo of the victory won here on the first Wednesday in September, and again on the third Wednesday in October, by the men opposed to railway monopoly and land monopoly, and the corruptions of Congress.—[Sacramento Union, of Fri-

Ir appears that the Republicans will have a majority on joint ballot in the New York Legislature, and so elect the United States Senator. The Massachusetts Legislature stands as follows: Senate-17 Republicans, 14 Democrats, 1 Inate—17 Kepublicaus, 14 Democrats, 1 In-dependent Democrat. House—71 Re-publicaus, 56 Democrats, and 1 Inde-pendent Republican. In the Kansas Legislature the opposition has a major-ity on joint ballot. Fifty-odd counties in Virginia give Kemper (Dem.) 2,000 more majority than Walker had in the same counties four years ago.—[Sacramento Union.

GAMBLERS, sharpers, and confidence men still continue to make the Union Pacific railway passengers yield them a good harvest. Many a man is daily taker in and done for by these vultures, who have given Omaha a wide berth for several months past. Three carde monte, top-and-bottom-dice, etc., still flourish on the road from Sidney westward. Almost every day some traveler reaches Omaha dead broke, having been victimized by these tricksters, and is obliged to remain here till he receives money from home.—[Omaha Bee.

WYOMING has female Legislators, and last Winter, Idaho had a lady clerk in one House of her Legislature, and next came House of her Legislature, and next came the ladies of Washington Territory and demanded office at the hands of her Legislature of Washington Territory met and organized on the 6th ult., and among the officers we learn that Miss Mary O'Neill was elected Eurolling Clerk of the House Miss Mary Brandt, Enrol-ling Clerk, and Mrs. E. M. Morgan En-grossing Clerk of the Council.

WE understand that Hon. Geo. F. Mills, of White Pine, who went to San Francisco last Spring for the benefit of his health, has been gradually growing worse all Summer. His physicians ad-vise a trip to the Sandwich Islands, but he seems loth to make it. His friends fear that he will never fully regain his health—[Furska Santina] health. - [Eureka Sentinel.

SENATOR ROSCOE CONKLANG has sold his residence on Fourteenth street, Washington, for \$27,000, or \$10,000 more than he paid for it about ten years ago. The purchaser of the property is Samuel Hooper, of Massachusetts, who will add it to "Wormley's House."
